To My Favorite Girl

1. In my opinion
Dot is hot.
Indifferent to her
I am not.
2. Her figure's from
a Grecian mold
like one that Phidias
served of old.
3. Her hair, her face, her smile
to me
are just the ones I like
to see.
4. Her mind is active,
bold and bright.
Her moves are fast, like
the speed of light.
5. With face and figure,
brains and speed.
She is exactly
what I need.
6. How lucky I was
one December day
as I drew a card
before starting to play.
7. The partner I won
is my partner still
I haven't changed
and I never will.
8. I'm pleased with my life
and my family.
Most of all with my
sweetheart, Dorothy.
